

SEMINARS IN THROMBOSIS AND HEMOSTASIS—VOLUME 16 INDEX

AUTHOR INDEX

Abe, T, 236	Francis, RB, 310	Kazama, M, 236	Robbins, KC, 217
Adcock, DM, 283, 333		Keer, HN, 230	Rodgers, RPC, I, 21, 139
	Giles, AR, 260	Kobayashi, Y, 236	
Bachmann, F, 193	Green, D, 242	Kwaan, HC, 230	Sadler, JE, 341
Bick, RL, 146, 198, 274, 348			Samama, MM, 145, 198, 348
Bonnar, J, 221	Hamsten, A, 207	Levin, J, I	Sheppard, BL, 221
Bovill, EG, 260	Hicks, J, 283		Stump, DC, 260
Brozna, JP, 326, 333		Marlar, RA, 299, 333	Taylor, FB, 260
	Inamura, K, 236	Miletich, JP, 169	Terashi, A, 236
Comp, PC, 158, 177, 293		Murano, G, 145, 198, 204, 279, 348	Tollefsen, DM, 162
	Joist, JH, 151		Triplett, DA, 182
Daly, L, 221		Nesheim, ME, 260	
Dzik, WH, 260	Karzenski, S, 293	Neumann, A, 299	Wenzel, E, 145, 198, 274, 279, 348
	Katayama, Y, 236	Pathy, L, 245	Wiman, B, 207
Elrod, JP, 293			Yang, G, 242

CUMULATIVE TABLE OF CONTENTS

Number 1

A CRITICAL REAPPRAISAL OF THE BLEEDING TIME R. P. Channing Rodgers, M.D.

A Critical Reappraisal of the Bleeding Time, R. P. Channing Rodgers, M.D. and Jack Levin, M.D.

Bleeding Time Tables: A Tabular Summary of Pertinent Literature, R. P. Channing Rodgers, M.D.

Supplementary Bleeding Time Bibliography, R. P. Channing Rodgers, M.D.

Abstracts of Current Literature, Rodger L. Bick, M.D., F.A.C.P., Genesio Murano, Ph.D., Meyer M. Samama, M.D., and Ernst Wenzel, M.D.

Number 2

CURRENT ISSUES IN LABORATORY DIAGNOSIS OF BLEEDING DISORDERS AND HYPERCOAGULABLE STATES

J. Heinrich Joist, M.D., Ph.D., and S. Paul Bajaj, M.D.

Hypercoagulability: Introduction and Perspective, J. Heinrich Joist, M.D., Ph.D.

Overview of the Hypercoagulable States, Philip C. Comp, M.D., Ph.D.

Laboratory Diagnosis of Antithrombin and Heparin Cofactor II Deficiency, Douglas M. Tollefsen, M.D., Ph.D.

Laboratory Diagnosis of Protein C Deficiency, Joseph P. Miletich, M.D., Ph.D.

Laboratory Evaluation of Protein S Status, Philip C. Comp, M.D., Ph.D.

Laboratory Diagnosis of Lupus Anticoagulants, Douglas A. Triplett, M.D., F.A.C.P.

Laboratory Diagnosis of Impairment of Fibrinolysis in Patients with Thromboembolic Disease, Fedor Bachmann, M.D.

Abstracts of Current Literature, Rodger L. Bick, M.D., F.A.C.P., Meyer M. Samama, M.D., and Ernst Wenzel, M.D.
Scholarly Potpourri, Genesio Murano, Ph.D.

Number 3

CLINICAL ASPECTS OF FIBRINOLYSIS Hau C. Kwaan, M.D., and M. Kazama, M.D.

The Fibrinolytic Enzyme System and Its Role in the Etiology of Thromboembolic Disease, Björn Wiman, M.D., Ph.D., and Anders Hamsten, M.D., Ph.D.

Classification of Abnormal Plasminogens: Dysplasminogenemias, Kenneth C. Robbins, Ph.D.

Changes in the Fibrinolytic System During Pregnancy, John Bonnar, M.D., F.R.C.O.G., Leisha Daly, Ph.D., and Brian L. Sheppard, D.Phil., MRC. Path.

Fibrinolysis and Cancer, Hau C. Kwaan, M.D., and Harold N. Keer, Ph.D.

Clinical Effects and Basic Studies of Thrombolytic Therapy on Cerebral Thrombosis, Akiro Terashi, M.D., Yoji Kobayashi, M.D., Yasuo Katayama, M.D., Kenji Inamura, M.D., Ph.D., Mutsumi Kazama, M.D., and Takashi Abe, M.D.

Plasminogen, Alpha₂-Antiplasmin, and Protein C Decline Following Infusions of Recombinant Tissue Plasminogen Activator, George Yang, B.A., and David Green, M.D., Ph.D.

Evolutionary Assembly of Blood Coagulation Proteins, László Pathy, Ph.D.

Pathologic Fibrinolysis as a Cause of Clinical Bleeding, David C. Stump, M.D., Fletcher B. Taylor, Jr., M.D., Michael E. Nesheim, Ph.D., Alan R. Giles, M.D., Walter H. Dzick, M.D., and Edwin G. Bovill, M.D.

Abstracts of Current Literature, Rodger L. Bick, M.D., F.A.C.P., and Ernst Wenzel, M.D.

Scholarly Potpourri, Genesio Murano, Ph.D., and Ernst Wenzel, M.D.

Number 4

SKIN NECROSIS AND PURPURA FULMINANS

Richard A. Marlar, Ph.D., and Dorothy M. Adcock, M.D.

Dermatopathology of Skin Necrosis Associated with Purpura Fulminans, Dorothy M. Adcock, M.D., and M. John Hicks, M.D., D.D.S., Ph.D.

Warfarin-Induced Skin Necrosis, Philip C. Comp, M.D., Ph.D., James P. Elrod, M.D., and Stacey Karzenski

Neonatal Purpura Fulminans Due to Homozygous Protein C or Protein S Deficiencies, Richard A. Marlar, Ph.D., and Alice Neumann, M.D.

Acquired Purpura Fulminans, Robert B. Francis, Jr., M.D.

Shwartzman Reaction, John P. Brozna, M.D., Ph.D.

Proposed Classification and Pathologic Mechanisms of Purpura Fulminans and Skin Necrosis, Dorothy M. Adcock, M.D., John Brozna, M.D., Ph.D., and Richard A. Marlar, Ph.D.

Recombinant DNA Methods in Hemophilia A: Carrier Detection and Prenatal Diagnosis, J. Evan Sadler, M.D., Ph.D.

Abstracts of Current Literature, Rodger L. Bick, M.D., F.A.C.P., Genesio Murano, Ph.D., Meyer M. Samama, M.D., and Ernst Wenzel, M.D.

Index and Cumulative Table of Contents, Volume 16
